9am-4pm: *Must attend both days of chosen programme*

**Application period 1 June 2024 – 31 Jul 2025, or
when each course is full.**

How to apply

STH Learner Portal – Online Application System

[NHS - Sheffield Teaching Hospitals \(sthlearnerportal.co.uk\)](https://sthlearnerportal.co.uk)

If you do not attend a school within the city of Sheffield, your school will need to register on the STH Learner Portal, so that you can apply. Teachers will need to go to [NHS - Sheffield Teaching Hospitals \(sthlearnerportal.co.uk\)](https://sthlearnerportal.co.uk) to register.

A simulation Based Programme
Learn where the professionals learn

**Programme fee £75.00 (paid via school/college)
Includes lunch on both days**

Sponsored places available

Day 1

Induction

- Meet your fellow students and start to work as a team
- Learn about the Simulation Centre

Skills Centre Training

- Learn and practice essential monitoring
- Help the team 'save a life'. Work out what happened and debrief (review of events)
- Meet your patients and record their medical history
- Suture (stitch) up a wound
- Learn and practice life-saving skills CPR (Cardiac Pulmonary Resuscitation)

Day 2

Introduction

- Put your skills learnt on day 1 into practice

Simulated patient journeys (scenarios)

- Help the team to care for your first patient
- Work as a team in smaller groups to help more patients
- Learn to *scrub* for an operation & take a *selfie*
- Perform virtual keyhole surgery for prizes
- Check your life-saving skills
- Question the doctors and medical students

Payment Details

STH will invoice the school/college directly for the full amount due for their students*. You will need to provide a Purchase Order Number from your finance department when your student/s have been offered a place on the programme. Invoice will be sent to your organisation following the event.

Terms & Conditions

Students may cancel at anytime, however, please note our terms and conditions:

- Fees will still be charged for students who cancel within **4 weeks** of the programme start date.
- Should a student cancel, the educational organisation may choose to nominate another student who has applied, but was not given a place. This must be within 2 weeks of the programme start date.
- Failure to attend the programme will result in your organisation being charged the full fee.

Sponsored Places

There are a limited number of places available. The school/college will need to inform us in writing of the student/s that they have put forward for a sponsored place- Email sth.ledschoolengagement@nhs.net *Student must be accessing free school meals.*

*The education organisation may choose to obtain payment fees from parent/guardian as per your process.

Responses from our April 2024 Students (Question: *What did you enjoy most about the event?*)

The hands on activities, and being able to be around actual medical professionals and students who were able to work with us.

the lovely staff and the different workshops which really helped me gain an insight into the life of a medic

the fact that we learnt so much about a variety of specialities and were able to actively contribute to the presentations

I really enjoyed talking to the real life patients and learning how to take patient history and how to talk to patients. Also all the hands on activities.

I really enjoyed the interactive nature of this course. I learnt a lot about the realities of medicine and would still love to pursue it for the future.
